SUMMARY OF SKILLS AND QUALIFICATIONS

Operating Systems | Windows 10 and 11

Applications | IntelliJ • Visual Studio Code • Microsoft Office • Google Workspace • GitHub • Youtrack

Programming Languages | Java • Python • JavaScript • HTML • CSS • MySQL

Framework & Libraries| ReactJS • Spring • Spring Boot • Spring MVC • Spring JPA • Bootstrap

Other Tools | Maven • Git

Languages | English • Hindi • Gujarati

EDUCATION

Bachelor of Computer Science – Co-op **2021- 2024 (Expected)**
Concordia University, Montreal, QC

- Member of the Institute for Co-operative Education
- GPA: 3.79/4.30
- Relevant Courses: Object-Oriented Programming (Java), Data Structures and Algorithms, Databases

PROJECTS

Noted – React + Spring Application (Personal) **December 2022**

- Developed a web application (Noted - GitHub Repository) that stores notes for users, allowing them to create, save, and edit notes.
- Used ReactJS and the Spring/Spring Boot framework to create a full-stack web application with REST services.
- Learnt the architecture of a full-stack web application and the implementation of APIs (e.g., QuillJS, Sweetalert2).

Covid-19 Data Management System (Academic) **June 2022**

- Developed a database management system (GitHub Repository) to store COVID-19-related data and information.
- Explored the mechanisms of the DBMS using PHP, and MySQL for user interactions and data storage.

Personal Portfolio (Personal) **April 2022**

- Developed personal website (Personal Portfolio) using HTML, CSS, and the Bootstrap library.
- Used EmailJs API and JavaSript for interaction and animation.

Core Competencies: Analysis, Critical Thinking, Creativity, Communication, Adaptability, and Teamwork

WORK EXPERIENCE

Junior Java Developer **September 2022 - Present**
Antea, Brossard, QC, Canada

- Acquired knowledge of JPA to convert deprecated Hibernate code to JPA.
- Resolved bugs and made enhancements to the Antea platform using Java 8.
- Updated the Jaspersoft version and created new layouts for PDF using JRXML and Java.

- Learnt peer programming workflow using various project management and version control tools.

Java Developer Intern **September 2020 - December 2020**
WeTheDevelopers, Rajkot, Gujarat, India

- Developed a music player application using my knowledge of Java, XML, and Android Studio.
- Implemented various music player functionality using abstract data structures and algorithms.
- Resolved errors and flaws in the mobile application projects at WeTheDevelopers while making my demo application.

Core Competencies: Critical and Analytical Thinking, Problem-Solving, Creativity, Self-Management, and Teamwork

EXTRA-CURRICULAR ACTIVITIES

- Reached the top 150 in Zonal Computing Olympiad in India. **2019**
- Participated in the 100-tree planting initiative **2019**
- Reached State-level in Judo **2018**

INTERESTS

- Machine Learning and Artificial Intelligence
- Competitive coding contests
